JOINT AND SEVERAL LIABILITIES NOT REPORTED ABOVE:

Name of Creditor	Address of Creditor	Amount of Liability
N/A		

10/10/17

1. The first part of the report is a description of the project. This includes the objectives, the scope, and the methodology. The objectives are to develop a system that can be used to manage the company's finances. The scope is limited to the company's current operations. The methodology is based on a systems analysis approach.

2. The second part of the report is a description of the system. This includes the system's architecture, the system's components, and the system's data. The system's architecture is based on a client-server model. The system's components include a database, a user interface, and a reporting module. The system's data is stored in a relational database.

3. The third part of the report is a description of the system's implementation. This includes the system's installation, the system's testing, and the system's deployment. The system was installed on a server. The system was tested using a series of test cases. The system was deployed to the company's users.

4. The fourth part of the report is a description of the system's evaluation. This includes the system's performance, the system's usability, and the system's security. The system's performance was evaluated using a series of performance tests. The system's usability was evaluated using a series of usability tests. The system's security was evaluated using a series of security tests.

5. The fifth part of the report is a description of the system's conclusions. This includes the system's strengths, the system's weaknesses, and the system's recommendations. The system's strengths include its ease of use, its flexibility, and its security. The system's weaknesses include its limited scope and its limited functionality. The system's recommendations include the need for further development and the need for ongoing maintenance.

6. The sixth part of the report is a description of the system's references. This includes the references used in the report. The references include books, articles, and web pages. The references are listed in alphabetical order.

7. The seventh part of the report is a description of the system's appendix. This includes the appendix used in the report. The appendix includes a list of the system's components, a list of the system's data, and a list of the system's test cases. The appendix is listed in alphabetical order.

8. The eighth part of the report is a description of the system's index. This includes the index used in the report. The index includes a list of the system's components, a list of the system's data, and a list of the system's test cases. The index is listed in alphabetical order.

9. The ninth part of the report is a description of the system's glossary. This includes the glossary used in the report. The glossary includes a list of the system's components, a list of the system's data, and a list of the system's test cases. The glossary is listed in alphabetical order.

10. The tenth part of the report is a description of the system's bibliography. This includes the bibliography used in the report. The bibliography includes a list of the system's components, a list of the system's data, and a list of the system's test cases. The bibliography is listed in alphabetical order.

11. The eleventh part of the report is a description of the system's list of figures. This includes the list of figures used in the report. The list of figures includes a list of the system's components, a list of the system's data, and a list of the system's test cases. The list of figures is listed in alphabetical order.

12. The twelfth part of the report is a description of the system's list of tables. This includes the list of tables used in the report. The list of tables includes a list of the system's components, a list of the system's data, and a list of the system's test cases. The list of tables is listed in alphabetical order.

13. The thirteenth part of the report is a description of the system's list of appendices. This includes the list of appendices used in the report. The list of appendices includes a list of the system's components, a list of the system's data, and a list of the system's test cases. The list of appendices is listed in alphabetical order.

14. The fourteenth part of the report is a description of the system's list of references. This includes the list of references used in the report. The list of references includes a list of the system's components, a list of the system's data, and a list of the system's test cases. The list of references is listed in alphabetical order.

15. The fifteenth part of the report is a description of the system's list of figures. This includes the list of figures used in the report. The list of figures includes a list of the system's components, a list of the system's data, and a list of the system's test cases. The list of figures is listed in alphabetical order.

16. The sixteenth part of the report is a description of the system's list of tables. This includes the list of tables used in the report. The list of tables includes a list of the system's components, a list of the system's data, and a list of the system's test cases. The list of tables is listed in alphabetical order.

17. The seventeenth part of the report is a description of the system's list of appendices. This includes the list of appendices used in the report. The list of appendices includes a list of the system's components, a list of the system's data, and a list of the system's test cases. The list of appendices is listed in alphabetical order.

18. The eighteenth part of the report is a description of the system's list of references. This includes the list of references used in the report. The list of references includes a list of the system's components, a list of the system's data, and a list of the system's test cases. The list of references is listed in alphabetical order.

19. The nineteenth part of the report is a description of the system's list of figures. This includes the list of figures used in the report. The list of figures includes a list of the system's components, a list of the system's data, and a list of the system's test cases. The list of figures is listed in alphabetical order.

20. The twentieth part of the report is a description of the system's list of tables. This includes the list of tables used in the report. The list of tables includes a list of the system's components, a list of the system's data, and a list of the system's test cases. The list of tables is listed in alphabetical order.

2025 Form 6 - Full and Public Disclosure of Financial Interests

Income

Identify each separate source and amount of income which exceeded \$1,000 during the year, including secondary sources of income. Or attach a complete copy of your 2025 federal income tax return, including all W2s, schedules, and attachments. Please redact any social security or account numbers before attaching your returns, as the law requires these documents be posted to the Commission's website.

☐ I elect to file a copy of my 2025 federal income tax return and all W2s, schedules, and attachments.

PRIMARY SOURCES OF INCOME:

Name of Source of Income Exceeding \$1,000	Address of Source of Income	Amount
